

KITCHENS TO TANTALISE THE TASTEBUDS

As kitchen design has evolved, so has the tendency to converge modern design with cutting-edge technology, while also ensuring a profound respect for the natural world. This has significantly influenced the culinary domain, creating highly-functional and attractive spaces. In recent years, kitchens have transcended from their conventional role as mere cooking spaces to where they now stand as sanctuaries of ingenuity, utility and a more appealing area for social interaction for everyone in the household.

Revolutionary appliances and materials and cabinetry with well thought-out layouts provide the chef of the home with greater ease in realising their gastronomic pursuits. Intelligent features that streamline otherwise daily chores simplify the art of cooking and hosting, allowing culinary spaces to redefine convenience and heighten the pleasures of food preparation while infusing a dash of contemporary elegance. Get inspired in the kitchen with these ideas...

Right Modulnova combines materials of superlative quality to provide a kitchen made with the utmost precision – in both detail and sophistication. Using materials from the Twenty, Frame and Bassa collections, Modulnova creates a space that is not only highly-practical and organised but also evokes a sense of warmth and well-being. The Modulnova showroom is situated in Avda. de Salamanca 12 in San Pedro de Alcántara (www.modulnovamarbella.com).
